The WCPSC Guide to Completing Entry Forms

1. The name of the event, this will differ from one meet to another. Examples: Salisbury Spring Open Meet, FNSC Open Meet.
2. License Details, Open Meets are licensed at Level 1, 2, 3, 4. Further details of license details can be found of the FAQ's on the club web site and will also be on the meet conditions.
3. The date or dates that the Open Meet will be held. Details of all competitions that the club will compete in are displayed on the club website; this is updated on a regular basis.
4. Venue: The location of where the meet will be held, locations of pools are on the club website.
5. The date by which the completed entry must be submitted to the club Open Meet Secretary. Late, incomplete or entries without the correct fee will not be accepted.

Items 1 – 5 are normally completed by the Open Meet Secretary, those shown are examples only

6. The name of the entrant as per the ASA Registration Card.
7. All members of the club must be registered with the ASA. The number to enter in this box is the number on the entrants ASA Membership Card and is annotated Member ID. To compete in events the level of registration must be Category 2. If a Category 1 member you may still enter but must contact the Membership Secretary (Denise Crowe) email chalknslate@aol.com to upgrade to a Category 2 member. It may be useful to record the ASA Registration Number in the swimmers Log Book of personal best times. If you have lost your card or cannot remember the Member ID number this may be found at:

<http://www.swimmingresults.org/customerservices/membershipcheck/index.php>

- 8 - 11 The contact details of the entrant and/or parent/guardian.
12. This is the age of the swimmer at the date of the competition. If the competition is over several days it will normally be the age as at the last day of the competition. ie The County Championships are held over 2/3 weekends so a swimmer may be aged 12 at the start of the competition but if they have a birthday during the competition then they would compete in the 13 year age group.
13. Enter a time in the box for all events that the swimmer wishes to enter. Swimmers should maintain a record of their personal best times. They may also be obtained from the club website. If unsure of what time to enter for any specific event then always consult with a club coach. Confirmation of accepted entry will be received by the club approximately 2 weeks prior to the event. If any or all of your swims have been rejected you will be contacted by email directly, otherwise details will be posted to the website.

Some Open Meets and all Championships (Not WCPSC C'ships) require that the submitted time has been achieved at a Licensed Open Meet Level 1, 2, 3 or 4. Some meets also have upper and lower qualifying times, these details can be found on the conditions of entry which will be displayed on the club website. These conditions will differ from one competition to another and it is the responsibility of the swimmer/parent to be fully aware of these conditions.

Some Open Meets and some Championships will accept converted times, ie a time achieved in a 50m pool converted to a 25m pool time. There are many conversion tables available but only those conversions from the ASA Equivalent Performance Tables and the Pullbouy website are normally accepted.

Links to both of these sites can be found on the WCPSC website, go to the home page, click the 'Links' tab at the top of the page and this will open up a new window. Cursor down to other websites and use the links to access the conversion tables.

14. Use this box to inform the Open Meet Secretary of any additional information or queries.
15. For each event there will be an entrance fee, this will differ from one competition to another. An admin fee may be charged by the host club and by WCPSC. This is to cover such items as Coaches Passes, postage etc.

Finally, if you have any queries then do not leave it to chance and just submit the entry. Contact the Open Meet Secretary, Squad Rep or speak with one of the coaches. ***It should be noted that the above is only general guidance as the conditions of entry may differ from one meet to another. Those completing entry forms should always consult the 'Promoters Conditions.'***
